	Title
1	Data driven web page generator
2	Internet-based system for multimedia meeting minutes
3	System, method and article of manufacture for workflow management of a supply chain system
4	System, method and article of manufacture for scheduling and document management integration
5	COMPUTER CONTROLLED DISPLAY SYSTEM USING A GRAPHICAL REPLAY DEVICE TO CONTROL PLAYBACK OF TEMPORAL DATA REPRESENTING COLLABORATIVE ACTIVITIES
6	Flexible schemes for applying properties to information in a medium
7	METHOD AND APPARATUS FOR BUILDING MULTIMEDIA APPLICATIONS USING INTERACTIVE MULTIMEDIA VIEWERS
8	Method and apparatus for text layout across a region
9	Multimedia word processor
10	Automated processing and delivery of media to web servers
11	Method for specifying delivery information for electronic documents
12	Integrating email functionality into a word processor by incorporating an email GUI within the word processor
13	Virtual documents generated via combined documents or portions of documents retrieved from data repositories
14	System and method for structured news release generation and distribution
15	Method and apparatus for stitching scanned image segments together to form an oversized document
16	Document retrieval system for retrieval of a first search document and a last search document from database
17	Production of a video stream with synchronized annotations over a computer network
18	System and method for providing dynamic three-dimensional multi-user virtual spaces in synchrony with hypertext browsing
19	Design engine for fitting content to a medium
20	Design engine for fitting content to a medium
21	User interface for document retrieval
22	Electronic work environment for a data processing system
23	Design engine with tree and component structure

	Title
24	Design engine for automatic layout of content
25	Design engine for automatic reformatting for design and media
26	System, method, and computer program product for generating equivalent text files
27	Method and apparatus for providing an optimized document file of multiple pages
28	Integrated circuit system for direct document execution
29	Electronic work environment for a data processing system
30	Method and apparatus for downloading multi-page electronic documents with hint information
31	Method and apparatus for viewing electronic documents
32	Document job key to tailor multifunctional user interfaces
33	Three dimensional document representation using strands
34	Method and apparatus for interactively creating a card which includes video and cardholder information
35	Computer card
